

Mineral Harmony®

# SWIM+SPA SALT

For Use with Salt Generator Systems

ACTIVE INGREDIENT:  
Sodium Chloride.....100%

**KEEP OUT OF REACH OF CHILDREN**

Net Weight: 8 lbs.

**Salt Generator Systems require the regular testing and balancing of the water for the salt system to perform properly. Mineral Harmony was developed exclusively for use with mineral treated Swim+Spa water to provide all the necessary products needed for proper water care.**

**SWIM+SPA SALT** features:

- Softer Water
- Reduced Eye Irritation
- Gentle on Hair and Skin
- Less Chemical Odor
- Low Maintenance

**DIRECTIONS FOR USE:**

1. After each fresh fill, always test your water for calcium hardness and make any necessary adjustments. Calcium Hardness should be below 50 ppm.
2. If your water has high levels of metals or you experience scale problems, the use of **Mineral Harmony GUARD** prior to adding the salt is recommended. Use per label directions.
3. The recommended salinity level for most salt water spas and swim spas is 2,500 ppm. Always refer to the manufacturers guidelines for your salt system. The general required application to achieve the desired salinity level is:  
2 lbs. of **Mineral Harmony Swim+Spa Salts** per 100 gallons of water.

**Mineral Harmony Swim+Spa Salts** are non-toxic. Ingestion of a small amount (ex: a teaspoon) will not cause harm.

**STORAGE AND DISPOSAL:**

Store in a cool, dry area inaccessible to children and pets. Place empty container in trash or recycle if available.

**FIRST AID:**

Not an inhalation hazard.  
Non-irritating to skin and eyes.  
Not absorbed through skin.
