

Cover Care & Conditioner

Cleans, restores and protects spa covers from weathering, fading and discoloration. Specially formulated with a UV protectant.

Features:

- Cleans and shines spa covers and all vinyl surfaces
- Repels water, dust and dirt
- Includes a UV protectant to prevent discoloration from sun

Applications:

Monthly:

1. Shake gently before using.
2. Apply liberally to the intended surface.
3. Let stand for 15-20 minutes to allow penetration.
4. Wipe excess product off and buff to a high lustre.

Tips:

Apply twice for initial treatment of spa cover.
Repeated applications increase water repellency!

Compatible With:

Chlorine, bromine and biguanide products.

Advantage:

Can be used on all vinyl surfaces including car interiors, boats, spa covers and patio furniture.
