

# NATURAL CHEMISTRY

## Clarify™ Instructions

### Directions for use:

This product is designed for use in properly balanced spa water.

**Standard Dosage Rate: (No premixing required.)** 1oz per 500 gallons of spa water

**Cloudy Water Dosage Rate: (No premixing required.)** Double or triple the standard dosage.

1. Make sure filter is clean and equipment is working properly.
2. Measure appropriate dosage using the cap provided and add to spa water with filter running and jets on high.
3. Run filter system continuously for at least 1 hour after application.

**Weekly Maintenance:** To enhance spa water clarity and appearance, treat with Natural Chemistry's **Clarify** once a week at the standard dosage. For home spas that get heavy use or for commercial spas, treat spa twice a week at cloudy water dosage.
