

Mineral Harmony™

SPARKLE

Maintains Water Clarity

CAUTION

KEEP OUT OF REACH OF CHILDREN

See side panel for additional
precautionary statements.

Net Weight: 16 oz.

Mineral treated spas require the regular testing and balancing of the water for the minerals to perform properly. Mineral Harmony was developed exclusively for use with mineral treated spa water.

Mineral Harmony SPARKLE is a specially formulated product that restores clarity and refreshes dull water. **SPARKLE** works by combining unfilterable microscopic particles together into larger particles that can be efficiently removed by your spa's filtration system.

DIRECTIONS FOR USE:

1. Shake gently before using.
2. Add 2 oz. per 250 gallons of water. Distribute product evenly over spa water surface while jets are activated.
3. This product should be used weekly and whenever spa water appears cloudy. Add 1 oz. of **SPARKLE** per 250 gallons of water as a maintenance dose. Repeat if necessary until water is clear.

FIRST AID:

IF SWALLOWED: Call poison control center or doctor immediately. If conscious, immediately give 2 to 4 glasses of water, and do not induce vomiting unless told to do by poison control.

EYE CONTACT: Hold eye open and rinse gently with cool water for 15-20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing eye. Call poison control center or doctor for treatment advice.

SKIN CONTACT: Wash with soap and water. See physician if irritation occurs

STORAGE AND DISPOSAL:

Do not reuse bottle. Destroy and discard when empty.
